Harry --

Sorry that I did not get back to you sooner to thank you for your time a few weeks ago. I have been on hardship duty in Congresswoman Boxer's district -- San Francisco and Marin County.

Now that I'm back, I need to think seriously about my return to the Agency. I am still interested in working in the DDA. However, after thinking about our conversation, I believe that we mostly talked about the MG Career Service and support type positions. Before committing to strictly administrative work, I would like an opportunity to talk about a position in the "line" in one of your offices. I am specifically interested in Personnel, Logistics, and Training. If you would be good enough to send my file to those Offices, I could follow up with them. I could also keep my E Career Service designation until such time as the DDA and I thought we were a permanent match.

You mentioned some interesting possibilities in our discussion, but until I know what's available, I'm not sure I'm in a position to make a decision. I also understand that a lot will depend upon what is available around 1 September when I return.

I would appreciate your having Roseanne give me a call when you send the file so that I can follow up.

Harry, I really appreciate your help. This is a great experience, but the "Hill" seems awfully far from Langley at times. I am looking forward to coming home.
